ENABLING YOUR
DIGITAL TRANSFORMATION
JOURNEY

ANOUD
TECHNOLOGIES

We Ensure. You Insure.

KEEPING PACE
WITH TECHNOLOGY

Today, technology influences businesses. The role of technology is no longer limited to the design and delivery of products and services but extends to analytics driven decision making.

For insurance companies relying on a gamut of legacy systems, Anoud Technologies' well-engineered IT solutions deployed with the right know-how and the latest innovations can lead to improved efficiencies for your business.

With Anoud$^+$, we are proud to offer a best-in-class insurance platform to insurers in developed and emerging markets alike. The platform can support insurers to strengthen operational resilience, gain access to cutting-edge tools and ultimately accelerate their digital transformation to compete in tomorrow's marketplace.

ANOUD⁺

Anoud⁺ is an integrated insurance platform that helps you digitally transform all aspects of your insurance business, from managing customer relationships, underwriting, policy administration, claims, risks, and accounting to generating insightful analytics to drive fact-based strategies.

WHAT **ANOUD⁺** OFFERS YOU

1. FULLY INTEGRATED PLATFORM

Automated management of end-to-end requirements

2. EASY-TO-USE

User friendly interface with ability to rapidly introduce new products

3. FUTURE-READY

Cutting-edge tools to devise a data and analytics-based strategy

THE ANOUD⁺ ADVANTAGE TO GIVE YOUR BUSINESS THE EDGE

Accelerate revenue generation by rapidly introducing a broad range of insurance products and services.

Boost engagement with customers and channel partners with a customer relationship management (CRM) module and a fully digitized customer journey and product lifecycle.

Enhance operational efficiency and achieve cost savings by standardizing, automating and optimizing processes on an integrated platform and moving to a paperless office environment.

Improve corporate controls and risk management with digitized implementation of governance, compliance and regulatory processes, strong data security and integrity, and fraud prevention systems.

ANOUD TECHNOLOGIES

WE ENSURE. YOU INSURE.

Anoud Technologies LLC (Anoud Tech) was established by QIC, a leading global insurance group, in close collaboration with Swiss Re, an iconic player in the global insurance and reinsurance industry.

Anoud Tech was established to accelerate the digital transformation of the insurance industry by deploying Anoud+, a best-in-class integrated insurance platform, at insurance companies in developed and emerging markets alike.

With Anoud Technologies, you have a reliable insurance technology partner who understands the dynamics of your business and has the experience and expertise to deliver to your needs. A true enabler as you move into a digital world.
